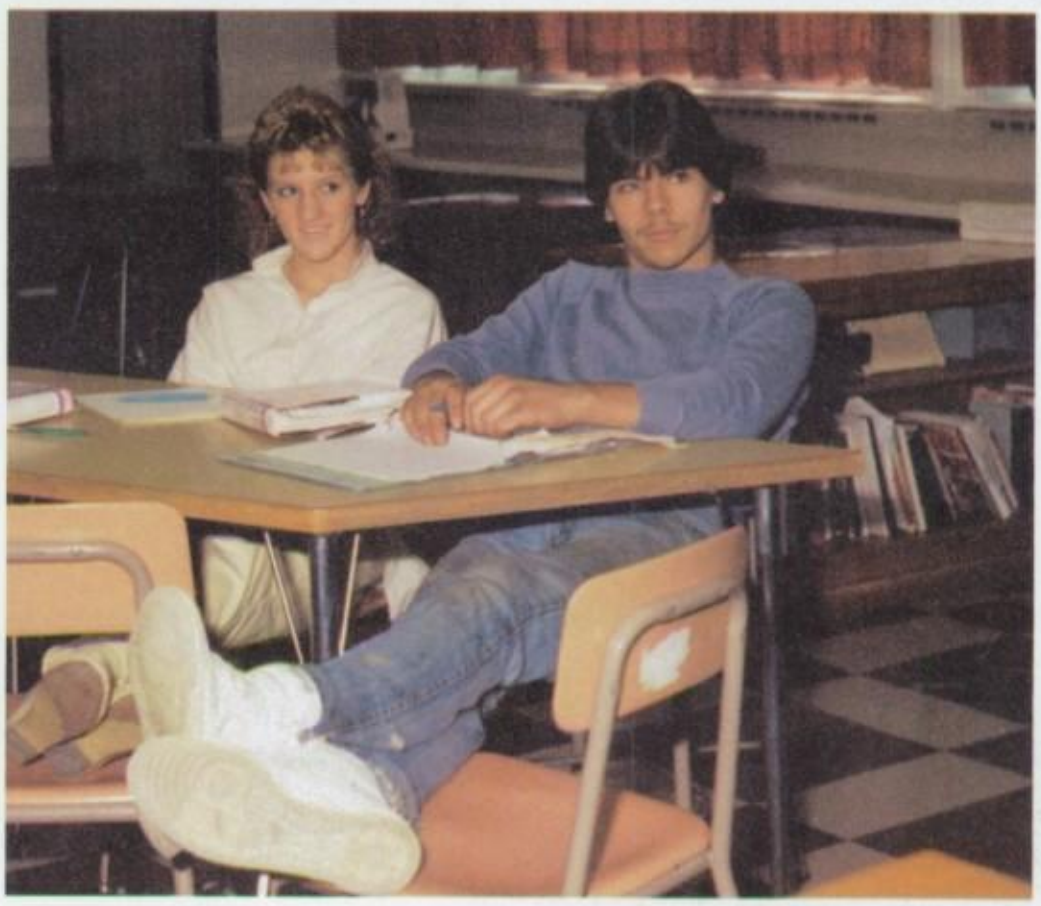
Lockers

line the corridors at Bucksport High School. In any high school in America, these dull gray or green compartments were designed as storage compartments for students' books and clothing. But when assigned in September to a student, the transformation is amazing to behold. They become a symbol of individuality — a home away from home — a statement of personality and style.



A small sampling of locker contents revealed: extra shoes and VCR tapes in Ginger Boyce's locker; a curling iron and a Mother Goose book in Wendy McIntyre's locker; one blown-up balloon (and another on reserve), and a collage in Wendy Higgins'; an Ohio high school jacket in Jennifer Jones'; a shot put and two weight bars in Tony Demaso's locker; pictures of men in Janice Reynold's; a two-month old sandwich in Julie Gardner's; a shovel and bungee cord in Frank Berry's; used gum in Marcy Dichard's; and vinegar and Tupperware containers in Gretchen Cudaback's.

Not only in lockers

but all over the school are students, faculty and staff actively attempting to personalize themselves and their surroundings. That's the key to survival of the individual within a large group — and with over 550 people here, we surely qualify as a crowd.

The 1987 Hillcrest salutes all efforts at individuality in this high school. Students and faculty alike spend many of their waking (and sometimes sleeping?) hours in this place and evidence that they want it to reflect a little bit of themselves is everywhere.

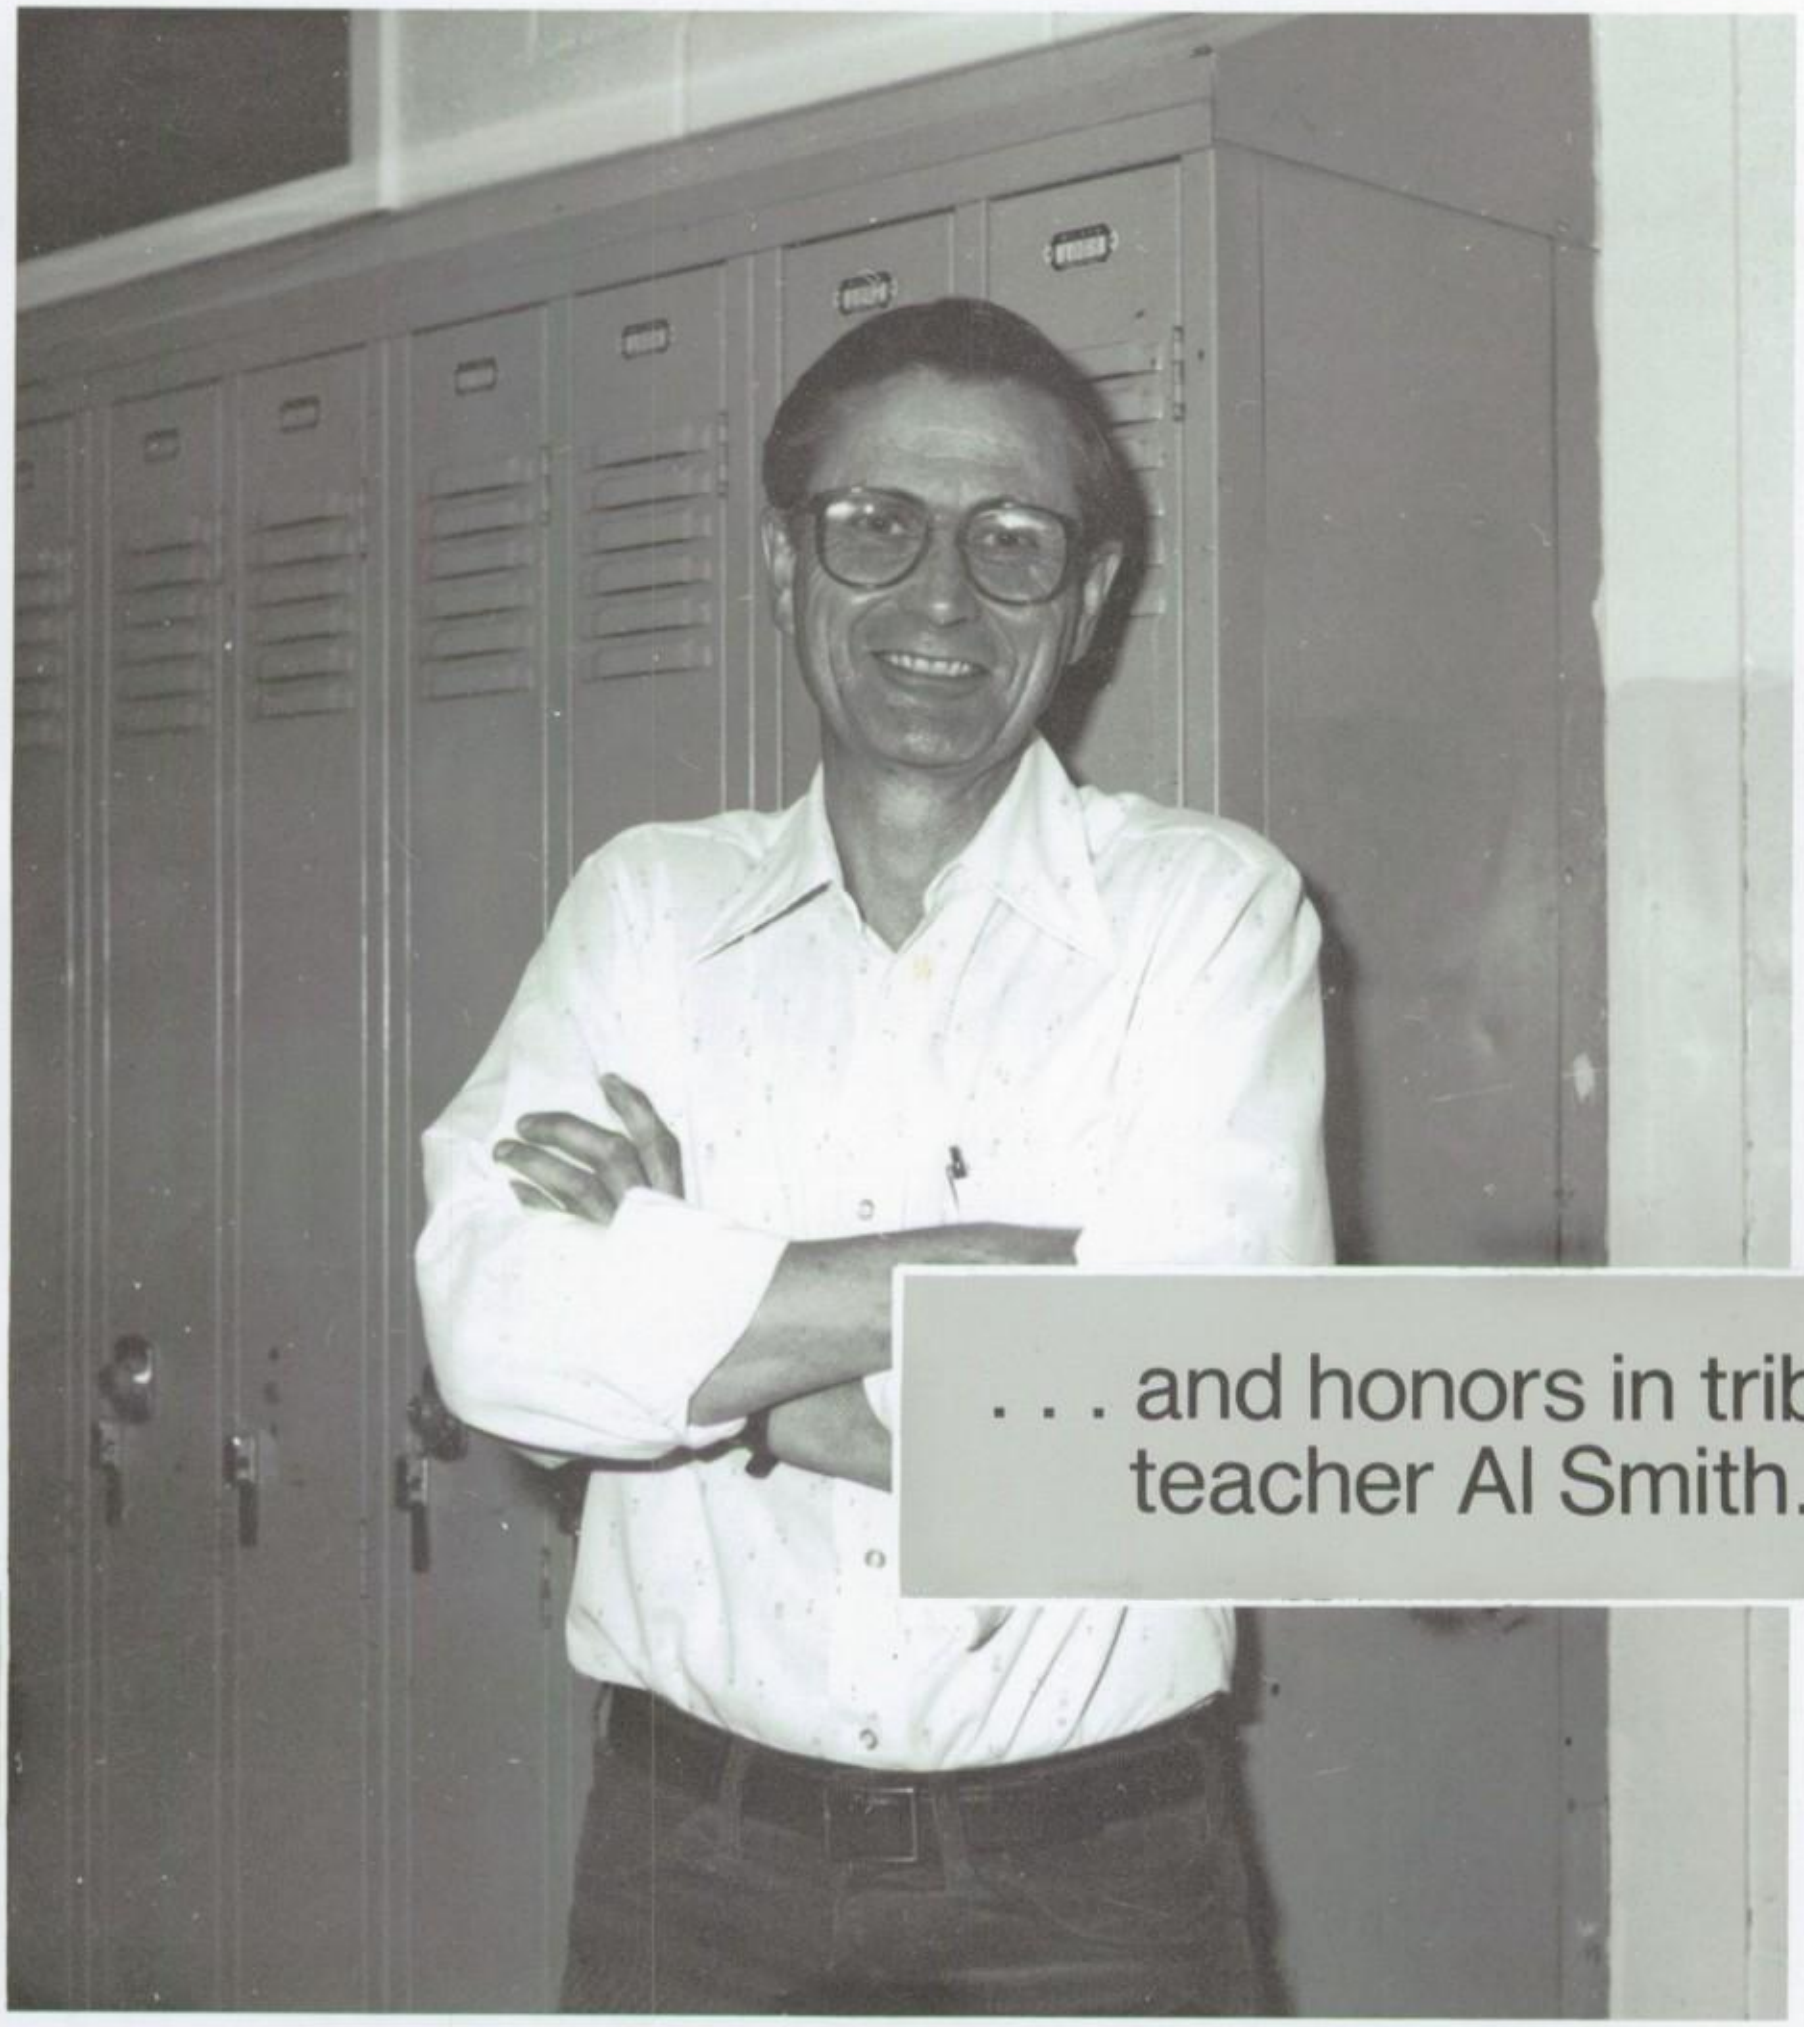
The 1987 Hillcrest is dedicated to teacher Robert Cloutier.

The members of the 1987 Hillcrest staff dedicate this book to a very devoted teacher, Mr. Robert Cloutier. In his eight years at Bucksport High School, he has proved himself a gifted English teacher and a determined coach of freshman boys' basketball and outdoor track. He has served for two years as advisor of the present junior class.

But most students, faculty and community members know him best through his initiating and advising of the Outing Club. Through this organization, Mr. Cloutier has worked tirelessly to increase school spirit and an appreciation of the importance of lifetime physical fitness. In the classroom, on the court, on the track, in the halls, or on an Outing Club adventure, students can always count on a friendly smile and personal interest from Mr. Cloutier.



. . . and honors in tribute teacher Al Smith.

The Hillcrest staff would also like to express their gratitude to another special teacher, Mr. Albert Smith. No one knows as many historical anecdotes to make learning about the past enjoyable and real. And as advisor to the National Honor Society for many years, he has dedicated himself to academic excellence and student leadership. Thank you, Mr. Smith, for seventeen years of service and interest in the education and personal excellence of the students here at BHS. (by Nia Lewis)

In Memory of Linda Calder

Castine seniors will remember Linda Calder, who enjoyed nine years of elementary school with them but died a month before her eighth grade graduation in 1983. The rest of the class of '87 did not have the chance to know Linda's sense of fun and enthusiasm. And the school community, in general, missed her sensitivity and concern for others. We wish you could be with us, Linda. You would have enriched the class of '87 and made our graduating class complete.

Alice Burget Spends Senior Year in Germany

A small poster on the lobby bulletin board caught Alice's attention a year ago. With only a week before the deadline, Alice applied for a scholarship for one year in Germany through the Congress-Bundestag Youth Exchange. After an intense interview process, she was named a finalist in March 1986. This past year Alice has spent as a high school senior in Regensburg, Germany near Munich.

Academics

Mr. Kenneth Kinney, superintendant

Completing over sixteen years of service in education to Bucksport and area schools, Mr. Kinney is retiring as superintendant.

The job of superintendant is a complex one — uniting efforts for educational excellence with those demanding fiscal responsibility. Mr. Kinney has served both these factions well. And at the same time, he has led Bucksport and those former Union 91 schools to solid reputations for academic as well as extra-curricular variety and achievement,and for responsiveness to community issues and concern.

Bucksport High School students and staff thank Mr. Kinney for all his work on our behalf.

Howdy April!

You know you're pretty cool for a freshman! Just think next year you're going to be a sophomore & then only two more years to go. From what I've seen of you I'm sure you're going to stick to P.E. all four years. I don't know what is wrong with you! Well have a good summer.

Dawn

April,
Even though I don't know you very well, you seem like a pretty nice person. Good luck with your next three years of school.

Softball was
been a meaningful
relationship and a
real great time even though
everyone bitched. Oh well. Life
goes on. Just think next year your
won't be a low-life freshman anymore
and you'll be a real natural sophomore!
Be proud; it's a great thing to be a sophomore!
Enjoy; Rapture; stay out of trouble
and try to leave the men alone.
